

MY HOME is a multimedia experience. The children's voices, faces, and drawings tell their horrific stories. They also show the beauty and resilience of children who continue to play, learn, and grow. Against all odds, they keep dreaming and hoping for a day when they can walk back home to build a stronger Darfur.

MY HOME takes you through children's journeys, a walk from a home that was destroyed—where family and friends were killed, and which now is only in their memories—to a home that is supposed to be temporary—where they stand in lines for handouts, and which gives them a new name: refugee.

Help us build MY HOME: July 19-August 19, 2010

Will you help us raise \$2,500 to build MY HOME? Each and every dollar will go towards the creation of this exhibit, which will include Darfuri children's drawings, pictures and video from our trips, and more.

Our goal is to launch MY HOME on **September 19th, 2010**, which will be a Global Day of Action and also coincides with the UN General Assembly being in session.

\$2,500 is not peanuts, especially in our current economy. \$25 is not peanuts either, but 100 people giving \$25 each will build MY HOME. **Help us build MY HOME by being part of the 100 people who will help tell this important story.**

- I will ask many friends and family to help me build MY HOME.
- I will donate \$25, and my name will go on the MY HOME website as a supporter.
- I will donate \$50, and I will be a supporter that also receives an i-ACT t-shirt!
- I will donate \$100 or more, and receive an 8x10 print of one of the photos included in the exhibit, a t-shirt, and acknowledgment on the website.

YES! I want to make MY HOME a reality:

- \$25
- \$50
- \$100
- \$250
- \$500
